

The **Klick Fast** connector is **strong, compact & universal**.

HiTecDis cameras equipped with the **Klick Fast** connector can be used **quickly** and **easily** with a wide range of mounting options.

- ❑ The camera's **Klick Fast** connector snaps into any compatible mount and locks securely into place.
- ❑ Once attached, the mount can be rotated into one of seven positions and will remain firmly in place thanks to the integrated **Klick Fast** ratchet positioning system.
- ❑ Detaching the mount takes only a few seconds – simply rotate it to the release position and remove it easily.
